BOOZE OR MEDICINE?

Which will you have? If a woman suffering from one of the delicate ailments peculiar to your sex it will be well for you to know that Dr. Pierce's Favorite Prescription is the only remedy advertised for such maladies which is absolutely free from intoxicating liquors and all other harmful agents. The good you feel from its use is not the delusive exhileration from a tippling beverage, from which the system reacts into a worse condition than before. It may be a little slower in manifesting its bracing and invigorating action, but its benefits are none the less positive and, best of all, they are *lasting*. It's an honest medicine—not a beverage.

"I have been taking your medicine for the last three weeks and can say I am gaining strength," writes Mrs. Seneth Kinny, of 605 East Madison Street, Mount Pleasant, Iowa. "I have been having very poor health all winter. I doctored with our family doctor but was relieved only while taking the medicine. I took Dr. Pierce's medicine several years ago. I knew it was good for any one suffering with female trouble. Have taken only one bottle and am gaining strength very fast. I could not eat nor sleep when I began taking the 'Favorite Prescription.' Heart troubled me and I had cold and numb spells till my heart would almost stop beating. Have had one child since first taking your medicine. If I continue with your treatment am positive I will be cured."

Every suffering woman in this land should write to Dr. Pierce and learn how certainly he can help her to health and strength. It costs nothing to write and receive entirely free the advice of one of the most experienced physicians in this country. His great thousand-page book the Common Sense Medical Adviser, in stiff paper covers, will be sent free for 21 one-cent stamps the bare cost of mailing; or, send 31 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Pellets

These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

Don't allow the dealer to insult your intelligence by offering his own remedy to you instead of this well-known preparation of Dr. Pierce.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Efforts to Save Patrick.

Gov. Higgins, of New York, received yesterday a petition for the exercise of executive clemency in the case of Albert T. Patrick, the New York lawyer confined in Sing Sing prison under sentence to die in the week beginning January 22 for the murder of the aged millionaire, William Marsh Rice.

The petition is signed by nearly 100 well-known persons, including lawyers, physicians and chemists, clergymen and laymen, and is based upon the ground that there is reasonable doubt of his guilt.

It is especially set forth that the coroner's physician who made the autopsy immediately after death gave it as his opinion that Rice died of natural causes and old age, but subsequently on the witness stand declared that he had been killed by chloroform; that the subsequent examination of the body, which formed the basis of the testimony adverse to Patrick, was made after the process of embalming, "which would effectually destroy all minute evidences of death either from natural causes or chloroform;" that the cone containing chloroform would probably have fallen from position had the victim been alive; that the self-confessed murderer (Jones), who turned State's evidence, was, in the opinion of the petitioners, irresponsible; had made at least four different and contradictory confessions, and was of doubtful sanity and unworthy of belief.

The petitioners call attention to the dissenting opinion of Chief Judge Cullen and Judge O'Brien against the judgment of the Court of Appeals affirming Patrick's conviction.

The signers of the petition include Grover Cleveland, John G. Carlisle, Former Supreme Court Justice Edward W. Hatch, and a large number of prominent members of the New York city bar; Samuel L. Clemens (Mark Twain), Allan McLane Hamilton, the well-known allinist; Dr. Austin Flint, head of the Bellevue Medical School, and many other physicians and chemists of standing; Rev. Dr. Charles H. Parkhurst, Rev. Dr. Madison C. Peters, Rev. Dr. Thomas Hughes, David Belasco, Lieut. Col. H. D. Borup, U. S. A. (retired), and Robert Erskine Ely, director of the League for Political Education. The petition was taken to Alabany by Robert C. McCormick, who filed it personally with the governor.

Gov. Higgins said last night that he did not know when he would act upon the matter, but that he did not expect to give a public hearing. He would give no intimation of his probable action in the case, but assured Mr. McCormick that he had already given it some attention, and would consider it with the utmost care.

Norton Dictum Opposed.

Since Dr. Osler's famous dictum that men should be chloroformed at 60 no public utterance has created a more profound sensation among thinking men of humanitarian professions than the letter of Dr. Charles Eliot Norton, late professor of literature at Harvard, to Miss Annie Hall on the question of justification for killing the hopelessly diseased, the hopelessly insane and the hopeless sufferers from accident. It should be said that the unanimous opinion of leading physicians and clergymen in New York is against Dr. Norton's contention that the taking of life is justifiable.

Rev. Henry C. Swentzell, a former Baltimore pastor, says: "I believe that the view that it would be merciful and humane to permit the ending of live in certain cases where suffering is intense and continuous without hope of relief is theoretically unassailable. Practically speaking, however, I do not believe that any human tribunal is wise enough to pass upon such cases.

"I am firmly opposed to any attempt to bring about such a practice. My opposition is based on two grounds—first, the religious one that human life should never be ended in spite of the provisions of God; second, that even in cases of apparently hopeless suffering, the wisest man or commission of men must needs be fallible."

Rev. Dr. Alexander Lyons, a rabbi of the State Street Temple, Brooklyn, said: "I am in accord with the teachings of Judaism that the taking of life except as a recompense for life, is murder. I go further than that and am personally opposed to the taking of human life, but that is beside the present question. From the Jewish standpoint, it is unchangeably forbidden to do anything to shorten human life. Life is regarded as God's special gift and is too sacred to be touched. God alone should decide when life may end. In keeping with this teaching, Judaism looks upon the man who wilfully shortens life, whether his own or that of another, as a murderer."

Perfection can only be attained in the physical by allowing Nature to appropriate and not dissipate her own resources. Cathartics gripe, weaken—dissipate, while DeWitt's Little Early Risers simply expel all putrid matter and bile, thus allowing the liver to assume normal activity. Good for the complexion. Sold by W. F. Creighton & Co., 401 King street.

Bent Her Double.

"I knew no one for four weeks when I was was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was relieved by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure, stomach, liver and kidney disorders; at E. S. Leadbeater & Sons' drug store; price 50.

Attacked by Negroes.

Lower Delaware is excited about an attack by two negroes on a little white girl, and threats of lynching are heard. The victim is the 5-year-old daughter of W. D. Boyles, an employee of the Smyrna gas works. So incensed were the people of Smyrna that Magistrate Tilghman, before whom the negroes, Joseph Coppage and Herman Camille, were arraigned, committed them to the Kent county jail, at Dover, without delay. According to the story of the child, Lillian Boyles, and her brother, who was with her, as well as a white woman, who witnessed the affair from a distance, the girl was approached by two negro men after they had pulled up a small stream on the outskirts of Smyrna in a boat. The white woman rescued the child and took her home, where the facts were made known to the child's parents. Warrants at once were sworn out for the negroes, and no time was lost in locating them and arraigning them before Magistrate Tilghman. The outrages in lower Delaware by the negroes for the past several years have grown to such proportions that there is a feeling of general alarm for the safety of the wives and daughters of the whites who are compelled to travel the public highways.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from Rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlaints Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Gibson & Timberman and W. F. Creighton & Co.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING. JAN. 6, 1906.

THE GREAT majority of the human race, doubtless for a wise purpose, have but limited means, although they enjoy many other blessings, far more valuable than riches, which they fail to appreciate, in the shape of good appetites and health. The holiday season of 1905-1906 is now a thing of the past, although a few faint echoes are still heard. Some, having means, have been sorely pressed in endeavors to conceive something new with which to appeal to their tastes or fancies; others, minus affluence, have probably been disappointed at being unable to satiate their desires. The latter, could they look at such things in a sensible light, are by far best off. During the Christmas season, when all the members of a household can gather around the family board in health, the menu on the occasion is, after all, a secondary matter. All, however, will not look through the same lenses, but too often allow themselves to be filled with envy and covetousness. The rich, surrounded as they are with full and plenty, are often far from being happy, as the following sensible observations will show:

The very rich are by no means the healthiest members of the community, and to escape the perils of luxurious living requires unusual will power and prudence. The most serious disadvantage under which the very high have labored is the bringing up of children. It is well-nigh impossible for a very rich man to develop his children from habits of indifference and laziness. These children are so situated that they have no opportunity of doing productive labor, and do nothing for themselves, parents, brothers or sisters, no one acquiring the habit of work. In striking contrast are the farmer's children, who cooperate at tender years in the work of the household.—[President Eliot, of Harvard.

Andrew Carnegie, as a visitor was leaving him a day or two ago, said, he wished high and low, rich and poor in New York a happy new year. Unto the rich especially be wished happier days, since he had observed them to be about the most miserable people imaginable as a class.

DIVORCE SUITS often bring out amusing testimony. Justice Edwin J. Rhoades asked Judge Mack for a divorce in Chicago a few days ago because he says his wife Hallie played improper games with Attorney Albert H. Propper. The game was called "Kitten." They would take turns, he says, in climbing a willow tree and then jumping into each other's arms. In another game which the lawyer and his client are said to have played Mrs. Rhoades's mother also participated. The two women, Rhoades says, would run the length of the lawn and Propper, in trying to stop them, would invariably catch the younger woman, although the mother, it is said, would often exclaim: "Albert, why don't you catch me too?"

WHEN young and thoughtless couples are bent upon committing matrimony it is no uncommon thing to find themselves in laughable dilemmas. A stylishly-gowned young woman and a well-dressed youth entered the office of Justice of the Peace W. Taylor Wright, in Camden, N. J., Thursday, and asked to be married. "All I have is 47 cents," said the youth, "but you can have every penny of it if you make us man and wife." "Sorry, but I can't accomodate you," said the justice. "You must secure a license." Picking up his 47 cents, the youth and girl departed, the girl in tears. It was later learned that the parties had not obtained the consent of their elders.

OLLIE ROBERTS, a notorious panel worker of St. Louis, who is serving a sentence of ten years for killing John Kelly in one of her Chestnut street houses, has adopted a scheme by which to advertise a book she is about to publish. She has told of all her crimes and gives in detail the history of the police "graft" that proceeded uninterruptedly for 5 years, within which time $1,000,000 was stolen from men who frequented the three houses run by the Roberts woman and a few other houses run by other women also engaged in the panel-working business. Of this $1,000,000 Ollie Roberts asserts two-thirds went to the police. For positive details she refers to her book.

THE ANTI-PASS crusade, like the seventeen-year locust, has again made its periodical appearance and is a subject of discussion. Heretofore the epidemic has been short-lived and this one will probably soon run its course. One of the most practical railroad magnates this country has produced said on one occasion that it would be difficult to operate a road without free passes. He regarded the system from a business standpoint, and naturally concluded it was more profitable for railroad companies to pay for favors in passes than in cold cash. Besides there are but few cases in which a company fails to receive an equivalent for its favors.

MR. ANDREW HAMILTON'S statement to the New York Life Insurance Company was that a large part of the $451,000 charged for legal expenses and newspaper articles last year was expended in creating a public sentiment favorable to federal control. The Philadelphia Record says that this interesting fact should be kept in mind when the president of the Prudential shall get up in the Senate to repeat his great argument for putting Commissioner Garfield in charge of the insurance business of the country.

ANOTHER ancient saw seems in danger of losing its sharpness. We have certainly had a "green Christmas" this year. Indeed, we should have to consult the Oldest Inhabitant to make sure of recalling another season as open as this has been. Yet we can perceive no indications of the proverbial "fat graveyard." On the contrary, reports are that the fall and early winter have been uncommonly salubrious That they have been phenomenally beautiful, comfortable and enjoyable is beyond dispute.

MRS. MINTON MORRIS, who was ejected from the White House Thursday is ill and in the care of physicians Statements as to what transpired at the Executive Mansion are made by Mrs. Morris and Assistant Secretary to the President Barnes which vary widely. Mr. Barnes states that no colored attendant at the White House touched Mrs. Morris, but an eye witness of the whole affair says a colored man did assist in ejecting the woman!

How much Japan needed peace may be seen from the announcement that provinces containing nearly 3,000,000 inhabitants are suffering the worst famine of sixty years. Russia is suffering local famines and general disorder, and the Finance Minister is facing a deficit of $240,000,000. What would have happened to both countries if the war had continued?

From Washington.

Correspondence of the Alexandria Gazette.]

Washington, Jan. 6.

Senator Dolliver, of Iowa, will resist to the utmost, any attempt of the committee on interstate commerce, of which he is a member, to defer action upon the railroad rate regulation question until he House shall have passed a bill. The political majority of the committee is opposed to giving the interstate Commerce Commission the power to fix a rate. Three of the republicans, however, stand with the democratic members for regulation as generally defined by the President. They are Dolliver, Cullom, and Clapp, thus placing those who favor regulation in the majority. If Mr. Dolliver can get the support of the democratic members he can force the committee to report a rate bill. "I am opposed to any delay of the committee" he declared today. "Should we await the action of the House of Representatives before reporting a decision we would receive and merit the ridicule and condemnation of the people. The Senate is entitled to have before it a rate bill. If the committee connot agree upon one, let it report all of them and have them placed upon the calendar. There will be a rate regulation bill, and it will not be the compromise that some people say it will be."

"This White House outrage is a burning shame and a national disgrace," said Dr. Minor Morris, husband of the woman who was forcibly ejected from the White House Thursday and dragged several hundred feet to a House of Detention cab. Dr. Morris joined his wife this morning at the New Willard hotel, having just arrived in the city from Ohio. "To think that my wife, who is the finest pianist in Washington and now has two books in manuscript, should be charged with insanity," he exclaimed. Mrs. Morris, still confined to bed, heard him. "Yes" she said, "and Secretary Loeb told the policeman who was reluctant about filing the charges that if he did not do so he would be called to account." Dr. Morris said that he had not decided what steps to take in regard to the outrage his wife had suffered. He will, however, urge that an investigation be made into his dismissal from the army medical service.

Mr. Rixey of the House naval committee says: There will be no investigation made by Congress as to conditions existing at the Naval Academy," and asks, "Did you ever know Congress to investigate anything worth while?" Mr. Rixey maintains that Congress should make a searching investigation into the affairs of the academy, for the purpose of ascertaining how far the practice of hazing is carried.

Mr. Rixey has introduced the following in the House: Just resolution with petition for estimates for improvement of Aquia creek in Stafford county, from Coal Landing to Wharton's Landing; bills for increase of pensions for Mrs. Catherine E. Heishley, of Alexandria; John H. H. Dands, of The Plains; Thomas Harrison, of Lovettsville; also petition to refer war claims of Jared Chamberlain, of Loudoun county to the Court of Claims; also a bill to retain the old "Long bridge" until the approaches to the new Highway bridge are ready for heavy traffic.

Next Monday the Southern Railway will inaugurate its fast "edition de luxe" train between New York and Florida, known as the Southern Palm Limited. It will cover the 1057 miles to St. Augustine in 27 hours, or an average of about 40 miles an hour including stops. The train is described as a hotel on wheels, being provided with all of the comforts and many of the luxuries of the most up-to-date hostelry. It will carry compartment cars, regular sleepers, dining car, club car and observation car. It will leave New York daily, except Sunday, at 12:55 p. m., arriving at St. Augustine at 3:50 p. m. next day.

Further testimony in the Smoot case will be taken. It is expected to occupy several days.

The State Department has received a cablegram from Santo Domingo city stating that President Morales has offered to resign if he is allowed to leave the country. The de facto government, the cablegram states, will probably accept his offer.

Although the bill for the encouragement of the American merchant marine has the right of way in the Senate, it is not the purpose of its advocates to permit it to interfere with other important business. Mr. Gallinger will on Monday explain at some length its provisions and purposes desired. Other advocates of a ship subsidy expect to be heard later. There has been thus far no general order of business for the Senate decided upon. The joint statehood bill is now in committee. It may be reported before the end of the week. It is the intention to press it to a speedy passage as soon as it is ready. It is expected that the steering committee will meet early in the week and arrange a programme for the remainder of the session. Present indications point to a large portion of the coming week being devoted to a consideration of executive business. There are many important nominations yet to be acted upon.

There will be an outburst of sectional animosity in the House next week. Not the North against the South but the West against the East. The Statehood bill will be reported to the House by Mr. Hamilton of Michigan, author of the measure and chairman of the committee on territories which has had it under consideration. Then the concert will begin. The bill provides for the creation of two new States; Oklahoma, composed of Oklahoma and Indian Territory; and Arizona, of Arizona and New Mexico. There is no objection, either on the part of republicans or democrats, to the creation of the new State of Oklahoma, as outlined; but the opposition to the consolidation of Arizona and New Mexico as one State, is violent, particularly among western republicans. The westerners declare that it is a scheme to weaken the west in the United States Senate. In order to prevent the possibility of disarrangement of the plans of the leading republicans, the committee on rules will accompany the Hamilton bill with a rule providing, as its most important feature, that no amendments shall be permitted. As was made evident in the House conference held on the statehood bill, there are enough republicans in the House opposed to the bill, to upset the rule, if they should vote with the democrats. The bill will be accompanied by a minority report of the democrats of the committee on territories, charging the republicans with a violation of party platforms, which are construed to plainly promise statehood for each of the Territories of New Mexico, Oklahoma, and Arizona. It is better, these men of the minority contend, that the Territories opposed to consolidation "shall be denied statehood under the theory of this bill indefinitely than that the conditions forced by an unnatural union should exist."

The methods and management by the Louisana Purchase Exposition of the St. Louis fair of 1904 may yet be the subject of national investigation. Senator Carter, of Montana, who headed the national commission, is prepared to turn loose broadside after broadside in case Congress should make inquiry into the manner in which the original federal appropriation of $5,000,000 and the subsequent loans to the fair were spent. Under the federal law by which the money was paid, the national commission was created and given certain authority in conjunction with the exposition company. Senator Carter is still mad over the way he says this law-given authority of the national commission was ignored by the exposition company headed by David R Francis. Charges of utter disregard of the federal law creating the commission, fraud and irregularity in the awards of medals and prizes, mismanagement of the fair by inadequate advertisement, the wholesale issue of free admissions to the fair grounds, and finally favorism in the disposal of the great mass of salvage left on the exposition grounds are contained in the long report filed by Senator Carter with the Department of State. Of the alleged crookedness in awards, Senator Carter has this to say: "Allegations therein contain (in a letter of protest to the exposition company) of flagrant violations of the rules and regulations in the selection of and organization of juries are strongly supported by the records and silence of officials of the exposition company. The charges of fraud and corruption in connection with certain awards have never been denied or explained.

It was officially admitted at the War Department today that the order recently issued sending the 1st and 2nd Infantry and the 8th and 13th batteries of field artillery to the Philippines was due to the state of unrest now existing in China.

Fifty-ninth Congress.

Washington, Jan. 6.

SENATE

The Senate was not in session today, having adjourned Thursday until Monday.

HOUSE.

Upon convening today a resolution was passed in the House calling upon the Secretary of the Department of Commerce and Labor to send to the House the reports made by special immigration inspector Marcus Braun on the immigration from Austria-Hungary.

In committee of the whole, the discussion of the Philippine tariff bill, was resumed with Mr. Hill as the first speaker. His speech was along educational lines describing the resources and the possibilities of the archipelago. He happened to mention that slavery still existed among the savage tribes.

"Still selling men and women?" Mr. Clayton, of Alabama, democrat, asked in mock astonishment.

"That is true," was the reply.

"That is true," was his reply to other questions of similar purport.

"With the great republican party in control all this time?" Clayton pursued the inquiry.

"That also is true," was the answer. "But it is also true and this with dramatic effect, "that but for this same great republican party, slavery would flourish in the United States today.

Dislocated Heart Replaced.

Richmond, Va., Jan. 6.—Vernon Evans, a small boy, who was hit by a brick while on his way to school, the wound causing a congestion of the lungs, has just undergone an operation to move his heart back to its proper place. The blow caused the lungs to swell, and the heart was forced from the left to the right side. The lungs were relieved of nearly a quart of pus, and with this clearing the heart fell back to its accustomed location.

Miss Laura Huber, one of the most prominent young woman in Vineland, N. J., committed suicide early this morning by drowning herself in a cistern. Mr. and Mrs. Huber ascribe their daughter's death to her intense grief because of a broken engagement.

News of the Day.

In the 12 months just closed the railways of the country have ordered 841,315 freight cars, 6,265 locomotives and 3,289 passenger cars. In 1904 the figures were: Locomotives, 2,530; passenger cars, 2,213; freight cars, 136,561.

Morales, the fugitive President of Santo Domingo, has been impeached by Congress, and Caceres is in control of the government. It is reported that Jimenez has gone to Monte Cristi and that he will enter the fight for the presidency.

A bitter quarrel between Representative Hull, of Iowa, and his sister, Mrs. Miner Morris, who was ejected from the White House Thursday, is said to lie at the bottom of the woman's trouble. Mr. Hull is not averse to letting the public know that he is not friendly to his sister.

Buenos Ayres, the capital of the Argentine Republic, has just passed the 1,000,000 mark in population. It is the fourteenth city in the world in inhabitants, and is by far the largest city on the Western Hemisphere, outside of New York, Chicago and Philadelphia. Fifteen years ago Rio de Janeiro was ahead of it. Now the Brazilian city is far behind.

Domingo Bocourt, an old negro, and Victor Molina, a mulatto, were garroted at the prison at Havana yesterday. Both men were regarded as "witches" by their associates. Their crime was the hideous murder of a white baby, Zoila Diaz, for the purpose of procuring the heart of a white female child, which the "witches" prescribed as a poultice for a certain woman as a cure for barrenness. The child's body was found, smoked and salted, weeks after the crime.

Virginia News.

It is reported that Gov. Montague may enter the congressional race in the Richmond district.

Dennis M. Ormsbee, of Leighs, Fairfax county, father of William Ormsbee, of Leesburg, died on Thursday night, aged 67 years.

Mrs. Fannie Belfield, widow of Dr. R. A. Belfield, died suddenly yesterday at the home of her son, J. A. Belfield, at Farmers' Park, Richmond county.

Simon Cycle, 70 years of age, and one the best-known dry goods merchants in Richmond, died suddenly at his home last night immediately after a drive.

Mrs. Mary Whitacre, wife of H. P. Whitacre, a member of the board of Supervisors of Frederick county, died yesterday at her home, at Gainsboro. She was 63 years old.

Rev. William Page Dame, rector of St. Bartholomew's Episcopal Church, Baltimore, has declined a call from the congregation of Christ Church, Millwood.

Mrs. Susanna Virginia Cocke, widow of Charles L. Cocke, died yesterday at Hollins Institute, aged eighty-five years. For many years she assisted her husband at Hollins, one of the leading female schools in the south.

Dr. Hugh McIlhaney, of Charlottesville, formerly of Staunton, has been called to the rectorship of St. James, Episcopal Church of Leesburg, to succeed Dr. J. W. Morris, who has accepted a call to Christ Church, Norfolk.

H. Joyner, of Washington, has recently been appointed as clerk to United States attorney by Judge L. L. Lewis, the incumbent. This position was previously held by Lane Lacy of Washington, now secretary to Postmaster Knight, of Richmond.

Lester Ruffner, at Luray, yesterday was sentenced to two years in the penitentiary for killing his uncle, Isaac P. Ruffner. Ruffner's plea for the killing was self-defense, and it was shown during the trial that the uncle had made threats against the younger man's life. The dead man's father testified that his son was a desperate character.

The State Auditor yesterday drew a warrant on the State Treasurer for the balance of Virginia's appropriation to the Jamestown Exposition. Fifty thousand dollars was paid some months ago and yesterday's check was $150,000, thus putting the exposition authorities in possession of the entire $200,000 appropriated by the last Legislature, conditioned on its otherwise raising $1,000,000.

The "jimcrow" street-car law is to be put into effect in Newport News, Hampton, Phoebus and Old Point. A resolution making it compulsory for the street-railway lines to seat negroes in one portion of their cars and white people in another is now being drafted and will be passed at a special meeting of the city council, called for the purpose. The councils of Hampton and Phoebus have been notified of the action of the local council, and meetings of those bodies will be called within a few days to take up the matter. The people of Newport News have long urged the council to take such a step.

Bodies Recovered from Mine.

The bodies of all the 23 miners killed in the gas explosion in the Cooper coal mine at Coaldale, W. Va., Thursday, have been recovered. Hundreds of people yesterday visited the scene of the explosion. The bodies were taken from the shaft and carried in a house adjoining the big tipple at the mine entrance and laid there in a row, their faces covered and their hands crossed. All the bodies have been identified, but there is some trouble in finding out the homes of those who were not residents of Coaldale. Nearly all the victims were found lying with their hands covering their faces. One body was in a sitting posture on a pile of coal, the hands covering his face. The scene about the entrance near the section affected most by the explosion indicated its fearful force. The big timbers used for holding up the top of the mine were hurled from the drifts, one piece going across a narrow valley, mowing down small trees on the opposite side. Mine cars were blown out of the opening and wrecked about the entrance, and materials, tools and appliances were scattered about in great confusion. Four mine mules were killed in the explosion.

The Annapolis Court Martial.

Annapolis, Md., Jan. 6.—Superintendent of the Annapolis Academy Sands announced this morning that Stephen Decatur jr., of Portsmouth, N. H., first class, who was tried for the alleged hazing of Isaac N. McCrary of Calvert, Texas, and Gaylord Church of New Albany, Ind., has been acquitted of the charge. This verdict was generally expected.

The rumor yesterday that Lewis Causey, of Mississippi, first class, was to be tried on hazing charges is denied.

Midshipman Marzoni, of Florida, was placed on trial this morning for the allegee hazing of three midshipmen of the fourth class.

There are six specifications under the charge against the accused.

Judge Advocate Harrison read the charge and specification to Marzoni. He pleaded not guilty on all counts.

Midshipman Chester S. Roberts, the chief prosecution witness, was the first witness. He said that after supper formation about a month ago he was told to go to room No. 99. (Decatur's room), and upon arriving there was told to get into the closet and do the 16th.

Witness said he did not know who gave the order but said that Marzoni told him when to quit the stunt. He said Midshipman Decatur, first class, and Benson, fourth class, were in the room.

Further questioning elicited from the witness the fact that the same voice as ordered him out of the closet told him to go in, but he did not see the face of the speaker. Witness said he was sent to room 99 to deliver a message, but was not quite sure who sent him there. He said he was "rattled" at the time.

Probing Oil Trust.

New York, Jan. 6.—Inside peeps into the underground workings of the Standard Oil Trust in their moves to stifle competition in the oil business were had again today, when testimony was taken by Attorney General Hadley, of Missouri, in two suits brought by the State against four oil companies operating in the middle west. Attorney General Hadley contends that the four companies are Standard Oil Companies, operating as a blind to evade the anti-trust laws of Missouri. The obstructionist tactics pursued by counsel for the companies will prolong the hearing over a long period.

New York, Jan. 6.—After a wordy fight between Mr. Rowe, counsel for Mr. Rogers, and Commissioner Sanborn, a sudden adjournment of the Standard Oil investigation was necessitated shortly before one o'clock this afternoon to save the hearing from a disgraceful termination. Mr Rowe had objected to certain question, and directed Mr. Rogers not to answer. Commissioner Sanborn interposed and told Rowe he had no rights and that if he persisted he would have to leave the room. Rowe said he would continue to advise the witness, and Sanborn directed that Rowe leave the room. Rowe made no move and, after a pause, Sanborn said that proceedings would not be continued unless Rowe left the room. Rowe, however, made no attempt to move and matters were becoming exteremely awkard when Rogers spoke and broke the serious situation by saying: "I wish it was me." There was another pause and then Mr. Hagerman, counsel for the Standard Oil, suggested an adjournment to save the situation. The hearing was then adjourned and Rowe and his associates left the room.

Arsenic Found in Stomach.

New Haven, Conn., Jan. 6.—The publication of a rumor that poison was found in the stomach of Charles A. Edwards, the New York chemical man and Yale graduate, who was found dead with a bullet hole in his head last Tuesday in the Hiller homestead here, caused a sensation this morning. The refusal of Dr. C. J. Bartlett, the coroner's physician, to discuss the matter when asked directly if the stomach contained poison lent color to the story. Coroner Mix was equally reticent concerning the new phase of the affair, which would of course somewhat upset all existing theories of the probable murder of Mr. Edwards. It is reliably stated that the stomach of the dead man has been taken in charge and examined by the physicians under the direction of the coroner. From similar sources it is learned that the bullet which was found at the back of Mr. Edwards' brain was of 22 calibre. It was considerably flattened when recovered, and being fired in behind the left ear, took first a downward course and was then deflected upward coming in contact with the bone. That the coroner is not satisfied with the finding of a pistol with which it is believed the crime might have been committed is pretty certain, by reason of the fact that a continued search has been made for a pistol since the reported discovery of the little old derringer which has been given in custody of a local gunstore.

Railroad Accidents.

Harrisburg, Pa. Jan. 6.—Two men were killed and two others injured, probably fatally, by a wreck on the H. S. & P. R. R. at Brandtsville, this morning. The men are all residents of Harrisburg. As an eastboumd freight train was passing Brandtsville, the engine jumped the track and the engines and twenty-one cars were wrecked. Samuel Geiger, conductor, and Fred Anderson, brakeman, were killed. Samuel Alleman, engineer, and Charles E. Holly, fireman, were injured. It is not known what caused the engine to jump the track. The two injured men were brought to Harrisburg hospital. The railroad was closed to traffic for nearly eight hours.

Bennington, Vt. Jan. 6.—A southbound train, consisting of sleeping cars, on the Rutland railroad, ran into a freight train at Wallomsack, N. Y., early this morning. Charles Wardwell, engineer of the passenger, and his fireman, whose name is unknown, were terribly scalded The baggage and combination car turned bottom side up and lay across the tracks. None of the passengers was injured Three freight cars were ditched.

Explosion of Dynamite.

Chicago, Jan. 6.—Fifteen men are reported to have been killed this morning when the supply of dynamite at the Dolez and Shepard crushed stone works, Gary, Illinois, exploded. Several were injured.

New York Stock Market.

New York, Jan. 6.—There was a fully developed buying fever on in the stock market at the opening and all through the first hour. The buying came from many sources in large blocks. In the last few minutes there were some recessions from highest range, but the tone of the market continues confident and strong.

From Richmond.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Jan. 6.—Owing to the fact that the furniture may not arrive and that the speaker will be a new man and will take ten days to make up the House committees, the legislative leaders favor holding all caucuses early in the session to get contests out of the way so as not to impede legislation when the body is ready for business. R. E. Lee seems to be developing considerable strength and he and Churchman will act together in an effort to organize the House caucus. The Governor and the secretary of the Commonwealth moved into the Capitol building today. Governor-elect Swanson has made a request of the Capitol commission for installing a bathroom in the building next to the executive apartment.

Her Eyes Upon Cool Burglar.

Chester, Pa, Jan. 6.—Mrs. William Morgan, an invalid with rheumatism, awoke early yesterday morning and watched a burglar operate in her bedroom fearing to give an alarm lest she might be killed by the intruder. She was awakened by a noise in the room, and as her eyes opened they were met by the flash of a dark lantern in the hands of a man. He was in a closet about two feet from the bed and did not utter a word, but kept on at his work. His face was partly hidden by a mask and he seemed to realize the woman's feeble condition, as he was in no hurry to get away. Before going upstairs the burglar had eaten a hearty meal, and was very hungry, judging from the sirloin roast and other good provender that he disposed of. He got but little plunder and departed. When satisfied that the intruder had gone, Mrs. Morgan alarmed the household and the police were notified.

Russian Finances.

St. Petersburg, Jan. 6.—The latest bank returns show that there was a constant increase in the issue of paper money from December 14 to December 20, amounting to $20,000,000. The paper money issue of the Imperial Bank is now within $30,000,000 of the legal gold reserve, and this will make it impossible for the bank to take up $125,000,000 of the new issue of treasury bonds, as was proposed, without disregarding the gold reserve law, and becoming practically bankrupt. The only solution of the present problem facing the country on sound financial lines is the conclusion of a new loan, and it will be practically impossible to negotiate such a loan while present conditions continue.

Girl With Million Works On.

Chicago, Jan 6.—Miss Edna Dickerson, who recently inherited nearly $1,000,000 from her uncle's estate, in Minneapolis, has made good her statement that she would continue at work and cut out the pink teas and yellow luncheons. Yesterday she incorporated a company to do court reporting, with $5,000 capital. Miss Dickerson is the typical American girl, thoroughly independent, with a keen zest of the great game of business. She holds that every woman should have some aim in life and work hard to reach it, whether it be the making of a home or the acquisition of a fortune. For the ordinary frivolities of society she has no time whatever.

Raided by Midwinter Mosquitoes.

Millville, N. J., Jan. 6.—Midwinter mosquitoes of mammoth size with double appetites are breaking all records by raiding many of the towns near here. Residents of Cumberland and Ormond, four miles east of this city, complain that during the last two evenings these pesky insects, of the genuine Jersey variety, have made it very uncomfortable for those who have gone out of doors. They are much larger than the usual summer mosquito and have, seemingly, double appetites. George Dixon, an elderly farmer, of Ormond, states that he has never, in his life, seen larger mosquitoes than those which invaded his farm last evening.

Philippine Tariff Question.

Representative Champ Clark, of Missouri, addressed the House yesterday for almost three hours on the Philippine tariff question. He inaugurated the debate on the democratic side of the chamber, acting temporarily as minority leader, during the enforced absence of John Sharp Williams, of Mississippi. The famous Missourian was in fine trim yesterday. His remarks precipitated an old time tariff discussion, which drew the fire of General Grosvenor, of Ohio; Col. Pete Hepburn, of Iowa; Representative Dalzell, of Pennsylvania, and Chairman Payne, of the House ways and means committee, and developed the existence of the same old belief among republican leaders that prosperity is synonymous with republican rule and adversity with democratic rule.

Mr. Clark protested against the insular policy of the republican party, satirized conditions in the Philippines, minimized the alleged importance of the islands, gridironed the sugar trust, ridiculed the claim that free trade with the Philippines would ruin the sugar and tobacco interests of this country and boomed Secretary Shaw and Speaker Cannon as republican cadidates for the presidency in 1908.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammed portion of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

To 'Frisco and Back in Seven Days.

Mail from San Francisco arrived at New York at 11:52 a. m. yesterday by a train that brought it 12 hours faster than mail has ever made the journey before. The completion of even a faster record is expected Monday when the 18-hour train from Chicago arrives, completing a trip of mail from New York to San Francisco and return in seven days. The time formerly was nine days. Mail now leaves New York at 2:45 Monday morning, and reaches San Francisco Thursday noon. The train that leaves San Francisco the same day at 6, arrives in New York at 9:30 Monday morning.

Boy Killed Companion.

William J. Moran, aged nineteen years, of Chicago, confessed yesterday to the killing Thursday night of Robert Collier, aged seventeen years, during a quarrel, after which Moran says he placed Collier's body on the railroad track in the hope that a passing train would hide evidence of the crime. The accidental discovery of the body before a train had passed disclosed the fact that Collier had been killed by a pistol bullet. An investigation showed that the body had first been taken from Moran's barn, where the murder occurred, to a vacant barn near by. The idea of misleading the authorities then occurring to Moran, he carried the corpse of his erstwhile friend to the Nickel Plate Railway track. Fifteen companions of Collier were rounded up by the police. Among them was Moran, whose clothing was bloodstained and who confessed.

Twenty-seventh Child at 63.

Jonathan Allen Monroe, 63 years old, of Chicago, yesterday celebrated the birth of his twenty-seventh child, a son. He is a cattle buyer at the stock yards. Monroe's family statistics are: Living children, 15; dead, 12, sons living, 7; daughters, 8. He has been married twice, and his first child was born 40 years ago.

Mystery encompasses the murder this morning of Mrs. Arthur W. Genry, the beautiful wife of the president of the Universal Trading and Supply Company, in Chicago. The first information of the tragedy came when Mrs. Genry burst into the office of Dr. David Dougherty in the same apartment building as her home and with blood spurting from a horrible gash in her throat attempted to tell the physician how she received the wound, but before the doctor could render any assistance Mrs. Genry dropped to the floor dead.

Bound Over to Grand Jury.

Ferdinand F. Derndinger, who was arrested at Harper's Ferry, W. Va., December 24, at the request of the authorities, was bound over to the grand jury on the charge of bigamy by Justice Caton in the Police Court yesterday. Mrs. Derndinger No. 2, who is a first cousin of her husband, was a witness. The charge was made by wife No. 1, who came here from Germany. Mr. S. G. Brent, Commonwealth's Attorney, conducted the prosecution, and Mr. Charles Bendheim appeared for the defendant. When the accused was placed on the stand, Mr. Ernest Rammel, a hotel man, interpreted for the defendant. According to the evidence, Derndinger was married to Katrina Louise Heidt in Germany, and after a year left her and came to this country. Derndinger claims he received a letter from Germany stating that his wife would be granted a divorce from him, and, three weeks later, feeling sure that he was free to contract another alliance, he married Julia K. Sauerblich, his cousin. Records were introduced to show that the second marriage occurred in this city on March 2, 1903.

Motion Overruled.

Attorneys R. Walton Moore and James R. Caton, representing the Washington, Alexandria and Mount Vernon Railway Company, argued on the motion in the Circuit Court for Alexandria county this morning to set aside the verdict rendered by a jury last Saturday in the case of Charles Wells, who was awarded $5,000 for personal injuries alleged to have been received in an accident on the defendant company's road. Wells was represented by Attorneys Machen and Moncure. The ground for the motion was newly discovered evidence, but after hearing arguments the motion was overruled. As heretofore stated judgment in the case has been suspended in order to give the defendant railway company time to take the case to the Court of Appeals.

Pretty Dance.

The Alexandria German Club last night at McBurney's Hall gave another of their pretty dances which was largely attended and greatly enjoyed by all present, including many out-of-town young people. Barley with Miss Louise Smith, of Fauquier, and Mr. Robert Beverly with Miss Josie Robinson, of this city. The plaintiffs were represented by Messrs. J. J. Darlington, R. Walton Moore, Bates Warren and Frank Lyons, and the defendants by Messrs. James R. Caton and Conrad Syme. Chamberlain's Cough Remedy the Best Made

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Poterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Gibson & Timberman and W. F. Creighton & Co.

Possible Eventualties in China.

Dispatches from Manila stating that there is much activity among the troops there and that three regiments are under field orders, "in view of possible eventualities in China," seem to confirm the apprehension felt in diplomatic circles concerning the situation in the Middle Kingdom.

While officials of the War Department say they know nothing of any regiments being placed under field orders, they do not deny that orders have been issued to send several regiments out to Manila in the near future. Some of these are to take the place of returning regiments, but it is stated that the net result of these orders will be the increase of the United States force in the islands by at least 2,000.

Coming as this does, just when the force in the islands had been reduced to the 10,000 which Secretary Taft had declared was all sufficient for the needs of the Philipines, this increase is regarded highly significant of preparation for possible trouble in some quarters. Especially does this theory find color from the fact stated by those who have been following events that there is an unusually large proportion of field artillery going out to the islands, where artillery has not been needed heretofore.

The coincidence of this strengthening of the military forces coming at the same time as the announcement that the cruisers Galveston and Chattanooga are to leave Admiral Sigsbee's fleet at Gibraltar and proceed through the Suez canal to Manila is noted. It is said that there is probability of the Asiatic fleet being further strengthened in the near future. In diplomatic circles there has been much talk of unrest in China as the result of the anti-American boycott, this taking the form of opposition to all foreigners. This is attributed largely to agitation on the part of young Chinese educated abroad, who are seeking to bring about political upheavals at home and are seizing upon the anti-foreign feeling for their purposes. Their propaganda is one of China for the Chinese.

As one of the surviving heirs-at-large of the late Samuel LeMay, Mrs. James P. Hackett, wife of the patrolman in the First police district, of Richmond, will come into possession of a fortune estimated at between $200,000 and $300,000. The fight over the LeMay fortune has been waged in the French courts by the descendants of Samuel LeMay, grandfather of Mrs. Hackett, for three generations. The original value of the estate in southern France was $200,000, but while tied up in litigation it has increased. Before her marriage to James P. Hackett, Mrs. Hackett was Miss Lucy Hoskins, of Richmond. She is a granddaughter of Samuel LeMay, a soldier of the American revolution, who instituted the original suit. Samuel LeMay came from France with the Marquis de Lafayette's army and was at Yorktown prior to the surrender of Cornwallis. After the war he settled in Virginia. Subsequent to his marriage he was informed that his father had died in France, leaving his estate to him. The will was contested by relatives, and he died while the battle at law has in progress. His children and later his grandchildren continued the fight, which, it seems, has now reached its termination.

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough for fourteen years. Nothing helped me until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief and affected a permanent cure." Unequalled quick cure for Throat and Lung Troubles. At E. S. Leadbeater & Sons' drug store; price 50c and $1.00, guaranteed. Trial bottle free.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Port Gibson, Miss. They are easy to take and always gives satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by Gibson & Timberman and W. F. Creighton & Co.

A Liquid Cold Cure.

For coughs and colds no remedy is equal to Kennedy's Laxative Honey and Tar—the Liquid Cold Cure. It is different from all others—better, because it expels all cold from the system by acting as a cathartic on the bowels. Gives strength to weak lungs. Affords immediate relief in Croup, Coughs, Colds, Whooping-Cough, etc. Children love it. Sold by W. F. Creighton & Co., 401 King street.

Soothing and Comforting.

The soothing and comforting effects of DeWitt's Witch Hazel Salve, when applied to Piles, sores, cuts, boils, etc., subdues pain almost instantly. This Salve draws out the inflammation, reduces swelling and acts as a rubefacient, thus circulating the blood through the diseased parts, permitting or aiding Nature to permanently remove the trouble entirely. Sold by W. F. Creighton & Co., 401 King street.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is a liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c., including spraying tube, or mailed by Ely Bros., 56 Warren street, New York.

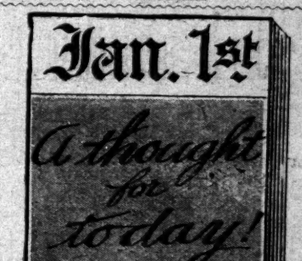
FINANCIAL



A thought for New Year's week! Devote an hour of careful thought to your New Year's resolutions. Do not be among those who think resolutions are valueless because some are broken. Cultivate the habit of carefulness and thoughtfulness and deposit your savings with the Virginia Safe Deposit & Trust Corporation. Money so deposited will be absolutely safe and your banking business will receive every attention. Start the New Year right by opening an account in our Savings Department and we will help you by paying an interest at the rate of 3 per cent. per annum on same. Remember the resolution to save means not only the accumulation of money, BUT THE FORMATION AND STRENGTHENING OF CHARACTER. Nine times out of ten the man who begins to save stops some kind of foolishness. Economy means giving up something and the wise man usually manages to give up that which is bad for him. The saving of money means independence in the future and better use of time in the present. Think this over today. Think of your own case. Look at the men about you who had the strength of character to save. The way is simple, BEGIN AT ONCE and you will appreciate this advice on January 1, 1907. We invite you to call and talk this matter over with us.
